

THE BALLOON SONG

Red, red balloon, floating in the sky
Blue, blue balloon, drifting up so high
White, white balloon, flying through the air
Green, green balloon, you can see it everywhere

The balloon song, balloon song, this is the balloon
song

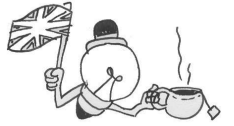

Brown, brown balloon, blowing in the wind
Black, black balloon, floating by me again
Purple, purple balloon, such a beautiful thing
Orange Orange balloon, makes me want to sing

The balloon song, balloon song, this is the balloon
song

Ok...let's sing it a little quieter now...are you ready?
Let's go...

Yellow, yellow balloon, high above the trees
Pink, pink balloon, coming back to me
Coming back to me
Coming back to me
